# INSTRUCTIONS

## BATTERY REMOVAL AND INSTALLATION

1. Make sure the unit is turned **OFF**.
2. Locate the battery cover on the back of the unit. Use a screwdriver to loosen the screw and then open the battery cover.
3. If used batteries are present, remove these batteries from the unit by pulling up on one end of each battery.
4. Install 2 new AA batteries following the diagram inside the battery box. (For best performance, alkaline batteries or fully charged Ni-MH rechargeable batteries are recommended.)
5. Replace the battery cover and tighten the screw to secure.

## WARNING:

Adult assembly required for battery installation.  
Keep batteries out of reach of children.

## **IMPORTANT: BATTERY INFORMATION**

- Insert batteries with the correct polarity (+ and -).
- Do not mix old and new batteries.
- Do not mix alkaline, standard (carbon-zinc) or rechargeable batteries.
- Only batteries of the same or equivalent type as recommended are to be used.
- Do not short-circuit the supply terminals.
- Remove batteries during long periods of non-use.
- Remove exhausted batteries from the toy.
- Dispose of batteries safely. Do not dispose of batteries in fire.

### **RECHARGEABLE BATTERIES:**

- Remove rechargeable batteries from the toy before charging.
- Rechargeable batteries are only to be charged under adult supervision.
- Do not charge non-rechargeable batteries.

## Disposal of batteries and product

The crossed-out wheellie bin symbols on products and batteries, or on their respective packaging, indicates they must not be disposed of in domestic waste as they contain substances that can be damaging to the environment and human health.

The chemical symbols Hg, Cd or Pb, where marked, indicate that the battery contains more than the specified value of mercury (Hg), cadmium (Cd) or lead (Pb) set out in the Batteries and Accumulators Regulation.

The solid bar indicates that the product was placed on the market after 13th August, 2005.

Help protect the environment by disposing of your product or batteries responsibly.

### **VTech® cares for the planet.**

Care for the environment and give your toy a second life by disposing of it at a small electricals collection point so all its materials can be recycled.

#### **In the UK:**

Visit [www.recyclenow.com](http://www.recyclenow.com) to see a list of collection points near you.

#### **In Australia & New Zealand:**

Check with your local council for kerbside collections.

# LABEL APPLICATION

Optional labels are included for decorating play pieces. Please stick the labels to the medical tools securely as indicated below:

# DOCTOR'S ID CARD

Insert the Doctor's ID Card into the elastic strips on the Doctor's Costume.

Press the five **Medical Tool Buttons** to explore instruments doctors use and how they help people.

### 4. Quiz Mode

Answer questions about your patient to help diagnose their illness.

### 5. Health-Tips Mode

Touch to hear health-tips and health themed songs.

# SONGS

## Song 1

When it's time to wash your hands, sing this song!

Wet your hands and add soap, it won't take long

Rubby, scrubby, count to twenty!

Rinse the bubbles, there'll be plenty

Dry,dry, then you're done!

## Song 2

You can eat a rainbow, it's so easy!

Eat some fruit and veggies everyday,

A crunchy red apple, or a juicy orange,

Little green peas or some lettuce leaves.

Don't be afraid to try something new!

## Song 3

If you want to keep your body feeling great,

Move your body every day!

Go outside and throw a ball or go for a walk.

Let's all have some fun and a healthy snack.

## CARE & MAINTENANCE

1. Keep the unit clean by wiping it with a slightly damp cloth.
2. Keep the unit out of direct sunlight and away from any direct heat sources.
3. Remove the batteries if the unit will not be in use for an extended period of time.
4. Do not drop the unit on hard surfaces and do not expose the unit to moisture or water.
5. When the doctor's apron and doctor's bag are dirty, they can be hand-washed or gently machine-washed and hung up to air dry.

## TROUBLESHOOTING

If for some reason the unit stops working or malfunctions, please follow these steps:

1. Turn the unit **Off**.
2. Interrupt the power supply by removing the batteries.
3. Let the unit stand for a few minutes, then replace the batteries.
4. Turn the unit **On**. The unit should now be ready to use again.
5. If the unit still does not work, replace with a new set of batteries.

If the problem persists, please contact our Consumer Services Department and a service representative will be happy to help you.

# CONSUMER SERVICES

Creating and developing **VTech®** products is accompanied by a responsibility that we at **VTech®** take very seriously.
