Instruction Manual

Build-a-Burger

91-004408-001 UK

INTRODUCTION

Thank you for purchasing the **Build-a-Burger!** With 13 colourful ingredients, little ones will love building the perfect burger. Spinning, stacking, matching and aiming ingredients onto the spiral pole introduce colours and shapes while exercising fine and gross motor skills and hand-eye coordination.

WARNING:

All packing materials such as tape, plastic sheets, packaging locks, removable tags, cable ties, cords and packaging screws are not part of this toy and should be discarded for your child's safety.

NOTE:

Please save this Instruction Manual as it contains important information.

CARE & MAINTENANCE

1. Keep the unit clean by wiping it with a slightly damp cloth.
2. Keep the unit out of direct sunlight and away from any direct heat sources.
3. Do not drop the unit on hard surfaces and do not expose the unit to moisture or water.

INCLUDED IN THE PACKAGE

- **Build-a-Burger**
- **Quick Start Guide**

1 Fabric Lettuce Leaf

2 Gherkin Pieces

2 Tomato Pieces

2 Burger Pieces

2 Cheese Pieces

1 Top Bun

1 Bun with Spiral Pole

2 Onion Pieces

PRODUCT FEATURES

1. 4 Ways to Play

Stack the ingredient pieces to explore shapes and textures. Match the Five Ingredient Shape pieces into their matching outer pieces. Spin the ingredient pieces on to the Spiral Pole. Aim then throw the Five Ingredient Outer pieces onto the Spiral Pole.

2. 11 Ingredient Pieces

Explore colours and shapes with the Five Ingredient Shape pieces and unique textures along the edges of the Five Ingredient Outer pieces. A Fabric Lettuce Leaf adds to the pretend play.

3. Top Bun

After spiral stacking all the assembled ingredients onto the Spiral Pole, add the Top Bun on top for storage.

Ways to Play

Below are ideas to inspire play.

1. Stacking

Help children develop hand-eye coordination by directing them to stack the ingredient pieces onto the spiral pole. To make it easier for them, remove the inner pieces from the ingredients, allowing them to focus on stacking the outer pieces onto the spiral pole.

This activity can help strengthen their fine and gross motor skills as they grasp and manipulate the ingredients.

2. Matching

The 5 ingredient layers consist of two pieces with the inner piece that fits inside the outer piece like a puzzle. Children can develop problem-solving and fine motor skills by solving these simple puzzles.

3. Spinning

Little ones can explore the effects of gravity by spinning the ingredients down the spiral pole. For an added challenge, encourage them to try spinning the ingredients up the pole instead. This activity can help develop their coordination of gross motor movements.

4. Ring-an-Ingredient

Encourage the development of advanced hand-eye coordination abilities by playing a game of ring-an-ingredient. Use the outer pieces of the ingredients as rings and try to land them on the centre pole. This activity becomes more challenging and can keep children engaged as they grow older.

CONSUMER SERVICES

Creating and developing **VTech**[®] products is accompanied by a responsibility that we at **VTech**[®] take very seriously. We make every effort to ensure the accuracy of the information, which forms the value of our products. However, errors sometimes can occur.
