stimulate their interest

in different textures, sounds and colours

...responding to colours,

sounds and textures

...understanding cause

grasp, sit-up, crawl and

...learning to touch, reach,

Toys that will

lam...

and effect

toddle

## INTRODUCTION

Makers, get your creativity roaring! Build and colour a unique offroad course with stunts and more using the included track. Then try to escape the jaws of the raptor while racing along the track edges with one motorised, rugged Off-Roader.

**WARNING:** All packing materials such as tape, plastic sheets,

packaging locks, removable tags, cable ties, cords and packaging screws are not part of this toy and

should be discarded for your child's safety.

**NOTE:** Please keep this Instruction Manual as it contains

important information.

## **ASSEMBLY INSTRUCTIONS**

With the **Car-Board Racers Off-Roader & Track**, safety comes first. Adult assembly required. For your child's safety, do not let them play with this toy until the initial assembly steps are completed. See the colour manual for initial assembly instructions.

## **IMPORTANT NOTES**

 For your child's safety, do not put the vehicle on your clothing, body or hair.

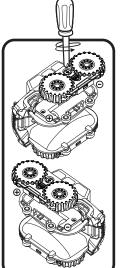

- 2. If the car is not running on the cardboard smoothly or falls off the track, please try the following:
  - 2.1 Adjust the curvature of the cardboard to prevent sharp angles.
  - 2.2 Adjust the position of the stands to allow the top edges of the tracks to align.
  - 2.3 Trim away the damaged part of the cardboard and connect the cardboard firmly again.
  - 2.4 Replace the cardboard by tracing and cutting out a new track piece. For best results, use cardboard between 6mm and 8mm in thickness.
- 3. Keep the cardboard track pieces in dry place.

## **GETTING STARTED**

#### **Battery Removal and Installation**

- 1. Make sure the vehicle is turned Off.
- Find the battery cover located on the wheels on each side, use a screwdriver to loosen the screw and then open the battery cover.
- 3. Remove the old battery by pulling up on one end of the battery.
- Install 1 new AA (LR6/AM-3) battery in each battery box following the diagram inside. (For best performance, alkaline batteries or fully charged Ni-MH rechargeable batteries are recommended.)
- 5. Replace the battery cover and tighten the screw to secure.
- Do the same installation on the other side of the vehicle.

#### WARNING:

Adult assembly required for battery installation. Keep batteries out of reach of children.

#### IMPORTANT: BATTERY INFORMATION

- Insert batteries with the correct polarity (+ and -).
- · Do not mix old and new batteries.
- Do not mix alkaline, standard (carbon-zinc) or rechargeable batteries.
- Only batteries of the same or equivalent type as recommended are to be used.
- Do not short-circuit the supply terminals.
- Remove batteries during long periods of non-use.
- Remove exhausted batteries from the toy.
- Dispose of batteries safely. Do not dispose of batteries in fire.

#### **RECHARGEABLE BATTERIES:**

- Remove rechargeable batteries (if removable) from the toy before charging.
- Rechargeable batteries are only to be charged under adult supervision.
- · Do not charge non-rechargeable batteries.

#### Disposal of batteries and product

The crossed-out wheelie bin symbols on products and batteries, or on their respective packaging, indicates they must not be disposed of in domestic waste as they contain substances that can be damaging to the environment and human health.

The chemical symbols Hg, Cd or Pb, where marked, indicate that the battery contains more than the specified value of mercury (Hg), cadmium (Cd) or lead (Pb) set out in the Batteries and Accumulators Regulation.

The solid bar indicates that the product was placed on the market after 13th August, 2005.

Please dispose of your product and batteries responsibly.

In the UK, give this toy a second life by disposing of it at a small electricals collection point\* so all of its materials can be recycled.

<sup>\*</sup> Visit www.recyclenow.com to see a list of collection points near you.

## **CARE & MAINTENANCE**

- 1. Keep the vehicle clean by wiping them with a slightly damp cloth.
- Keep the vehicle out of direct sunlight and away from any direct heat sources.
- 3. Remove the batteries if the vehicle will not be in use for an extended period of time.
- Do not drop the vehicle on hard surfaces and do not expose the vehicle to moisture or water.

## **TROUBLESHOOTING**

If for some reason the vehicle stops working or malfunctions, please follow these steps:

- 1. Turn the vehicle Off.
- 2. Interrupt the power supply by removing both batteries.
- 3. Let the vehicle stand for a few minutes, then put back the batteries.
- 4. Turn the vehicle **On**. The vehicle should now be ready to use again.
- 5. If the vehicle still does not work, install a new set of batteries.

If the problem persists, please contact our Consumer Services Department and a service representative will be happy to help you.

## **CONSUMER SERVICES**

Creating and developing VTech® products is accompanied by a responsibility that we at VTech® take very seriously. We make every effort to ensure the accuracy of the information, which forms the value of our products. However, errors sometimes can occur. It is important for you to know that we stand behind our products and encourage you to call our Consumer Services Department with any problems and/or suggestions that you might have. A service representative will be happy to help you.
